1 Grab yourself a newspaper. If it is a recent newspaper, make sure no one needs it anymore. Before starting step 2 why don't you save a newspaper article to put in your memory box.

2 Roll your newspaper into tubes and curve into a hockey stick shape and secure with sticky tape. Remember to make one for each player.

3 Using more of the newspaper, make a ball about the size of an apple and secure with tape.

4 Clear a space to play a game of newspaper hockey. (make sure to put breakable items away).

5 Set up 2 goals at either side of the playing space.

6 Play a game of indoor hockey! Use your newspaper hockey stick to hit the ball into the other teams' goal.

1 The winner is the person or team that is the first to score 10 goals.
